

COMMUNITY EMERGENCY RESPONSE TEAM (CERT) TRAINING 2020

In the event of an area wide disaster, critical infrastructure and emergency services will be impacted. The Community Emergency Response Team (CERT) academy trains residents to prepare for and respond to life-threatening events in their community. CERT members can mobilize neighborhood resources, deliver immediate assistance to victims, organize emergency communications and provide support to first responders.

What is CERT?

Each city has its own organized CERT program. CERT members prepare, organize and work together as a team to provide essential services to their community during and after a disaster. CERTs strengthen neighborhood resiliency and play a vital role in their City's disaster response efforts.

CERT Training

CERT Training academies are offered in the communities served by the Santa Clara County Fire Department and rotate throughout the year. Residents may attend any academy offered throughout the served jurisdictions. Some of the skills taught include organizing resources, medical operations, basic search and rescue, how to use a fire extinguisher and damage assessment.
