

FIRE DEPARTMENT  
SANTA CLARA COUNTY

**SENIOR COMMUNITY RISK SPECIALIST**

DEFINITION

The Senior Community Risk Specialist is a supervisory position that performs more difficult and complex assignments including program management. The Senior Community Risk Specialist organizes and directs activities related to community risk reduction education (e.g., fire safety, injury prevention, wildland fire protection and emergency preparedness); and may act as a liaison between the Department jurisdictions and government agencies.

The work performed by the incumbent is under the direction of the Community Risk Program Director.

The incumbent may temporarily assume the duties of the Community Risk Program Director as determined by the Deputy Chief/Director of Fire Prevention.

This classification is a Fair Labor Standards Act non-exempt, represented position in the Classified Service.

DISTINGUISHING CHARACTERISTICS

This is the supervisory level in the Community Risk Specialist series. The Senior Community Risk Specialist supervises and directs the day-to-day activities of Community Risk Specialists. The Senior Community Risk Specialist is distinguished from the Community Risk Program Director in that the Community Risk Program Director performs administrative duties as determined by the Deputy Chief/Director of Fire Prevention in connection with Department functions and programs.

EXAMPLES OF DUTIES

Duties may include but are not limited to the following:

- Supervise, train, direct, evaluate and participate in the work assignments and activities of Community Risk Specialists and other assigned personnel.
- Plan, supervise and participate in the development of professional and comprehensive lesson plans, instructor guides, participant handouts, PowerPoint presentations, class flyers, pamphlets, inspection forms and checklists to support community education and risk reduction training needs.
- Monitor employee progress, conduct employee evaluations and address personnel matters, including employee recognition and progressive discipline as appropriate.

EXAMPLES OF DUTIES (continued)

- Manage the development and coordination of community education and risk reduction programs and training classes for County representatives, first responders, city/town staff, and community members, including diverse audiences of all ages, abilities, cultures and backgrounds.
- Develop and conduct train-the-trainer classes for emergency responders and civilian personnel to be effective fire safety, injury prevention and emergency preparedness educators.
- Evaluate community education and risk reduction program needs and provide recommendations to achieve program goals and objectives.
- Monitor, input and manage all scheduled community education and risk reduction related activities on the Department's training calendar and related timekeeping entries in the Department's workforce management system.
- Develop, update, publish and manage the community education and emergency preparedness content on the Department's website and other content as directed.
- Participate in the development and coordination of the Department's community education and risk reduction media campaigns and ongoing social media and public outreach efforts.
- Develop, coordinate, implement, and promote community risk reduction programs, services and events with other government agencies and community-based organizations as directed.
- Serve as a Department resource to refer and connect community residents to a variety of health and wellness services, particularly high-risk, vulnerable and underserved populations.
- Ensure the content of all Department community education and risk reduction publications and digital media products reflect current applicable laws, statistics, technologies and recognized industry standards and best practices.
- Conduct fire safety inspections of properties within the wildland urban interface communities and may include inspections of weekend fairs, festivals and special events.
- Research, analyze, and synthesize data and information to prepare written documents, reports and recommendations as directed.
- Attend meetings, trainings and conferences as required.
- Work irregular or protracted hours and respond promptly to call-backs.
- Perform other duties as assigned.

EMPLOYMENT STANDARDS

Education and Experience: Equivalent to graduation from a four-year college or university with major course work related to education, communications, public relations, health and human services, business administration or a field of study that is related to the work; a minimum of five (5) years of experience and a minimum of two (2) years in a full time supervisory position or three (3) years in a lead capacity in program development and management, education and training, community outreach, or any related field to the work.

Or

An associate's degree and a minimum of eight (8) years of experience and a minimum of two (2) years in a full-time supervisory position or three (3) years in a lead capacity in program development and management, education and training, community outreach, or any related field to the work.

As a condition of employment, an incumbent who is not already in possession of the California State Fire Marshal (CSFM) professional certification indicated below will be required to successfully complete and pass all of the necessary coursework, including prerequisite education, training and task book assignments, within 36 months of employment or when courses become available.
