Purpose:

ICS form 219, Resource Status Card, is commonly known as a T-Card. The T-Card is one of the key tools used by fire departments and emergency management agencies to manage their resources at incidents. The cards are so named because they are made of card stock and have a T-like shape. There are many different colors available to identify the specific resources. The purpose of this policy is to provide a standardized system to be utilized by all fire agencies to identify, track the location/movement of firefighters and companies assigned to greater alarm responses. The Personnel Accountability System gives the Incident Commander fast and efficient means to account for fire/rescue personnel, their assignment, and their status at the scene of an emergency.

Scope:

This policy/procedure shall apply to all emergency personnel involved in on-scene emergency operations and training exercises during a multi company or multi agency response (Automatic Aid or Mutual Aid).

Fire Departments within Santa Clara County, with the exception of Cal Fire, will recognize the following three (3) colors of T-Cards:

- (ICS 219-3) Rose-Engine Companies
- (ICS 219-5) White-Single Resource (Overhead, Safety Officer, Volunteers, etc.)

Note: Cal Fire will continue to recognize all 8 colors.

The tracking of fire personnel and companies at an emergency scene is one of the key elements in managing successful operations. As the Incident Command System expands, the need for a personnel and equipment accounting system increases rapidly. The T-Card system is a proven, simple system of personnel and equipment accountability.

Procedure:

1. At the beginning of each shift, the Company Officer shall complete the appropriate colored T-Card for their apparatus.
2. Each Company Officer/Resource is responsible for properly completing the required fields on the T-Card every shift (example follows).
3. The T-card shall be collected at any of the designated incident check-in locations (Staging, Base, at the incident, or any other check-in point). Resources arriving before a check-in location has been established, shall have their T-cards picked up by a member of the Overhead Support Team.

4. The Plans Section will then track resources.

5. Resources will retrieve their T-cards when they are released from smaller incidents if the card is available. At large-scale incidents, the cards are sent to the Documentation Unit and are not available. The Company Officer/Resource should complete a new T-Card prior to leaving the incident in case of redeployment.

The following pages give examples of all of the ICS 219 T-Card colors and designators as well as approved abbreviations to be used when filling out the cards.

The T-Cards should be used in conjunction with a T-Card rack and header cards (ICS Form 219-1) to track the resources on the scene.

NOTE:

The daily documentation of T-Cards requires only limited fields to be completed. During large-scale incidents, the Resource Unit will complete the remaining fields at the scene.

Required daily information:

- AGENCY
- KIND/TYP
- I.D. NO
- HOME BASE
- DEPARTURE POINT
- RESOURCE I.D. NO/NAMES

Information needed during a Mutual Aid deployment:

- ORDER/REQUEST NO.
ICS Form 219: General Information

**Preparation.** Information to be placed on the T-Cards may be obtained from several sources including, but not limited to:

ICS 201 – Incident Briefing
ICS 211 – Incident Check-In List
ICS 213 – General Message
Agency supplied information or electronic resource management system

**Notes.** There are eight (8) different status cards (see list below) and a header card, to be printed front and back. Each card is printed on a different color and used for a different resource category/kind/type. The format and content of information on each card varies depending upon the intended use of the card.

219-1: Header Card- Gray (used only as label cards for T-Card racks) (NFES 1342)
219-2: Crew/Team Card – Green (NFES 1344)
219-3: **Engine Card – Rose** (NFES 1345)
219-4: Helicopter Card – Blue (NFES 1346)
219-5: **Personnel Card – White** (NFES 1347)
219-6: Fixed-Wing Card – Orange (NFES 1348)
219-7: Equipment Card – Yellow (NFES 1349)
219-8: **Miscellaneous Equipment/Task Force Card – Tan** (NFES 1350)
219-10: Generic Card – Light Purple

**Acronyms.** Abbreviations utilized on the cards are listed below:

AOV: Agency-Owned Vehicle
ETA: Estimated Time of Arrival
ETD: Estimated Time of Departure
ETR: Estimated Time of Return
O/S Mech: Out-of-Service for Mechanical reasons
O/S Pers: Out-of-Service for Personal reasons
O/S Rest: Out-of-Service for Rest/recuperation purposes/guidelines, or due to operating time limits/policies for pilots, operators, drivers, equipment, or aircraft
POV: Privately Owned Vehicle

See Field Operations Guide ICS 420-1 July 2007 for the following:
