Pi Day Party!

Pi Day, (March 14th) math's biggest day of the year, is just around the corner. And we're planning a party!

There will be food, games, activities, rewards and a Pi Day contest! There will be special presentations by Los Gatos Mayor, Mary Badame, for students who contributed to the winter donation drive, and formal announcement of a donation of over \$700 to the Assistance League.

So mark your calendars and join us.
